

ACKNOWLEDGEMENTS

The editors would like to extend their gratitude to Frits Pannekoek and David Taras, whose vision and unflagging support made this volume possible. To the members of the Alberta Global Forum, including Jeanette Nicholls, Gina Grosenick and Clare Cummings: we thank you for all your assistance. We also wish to thank Brenda Tchantz and Jackie Bell from The University of Calgary, and the members of The University of Calgary's URGCC Conference grant program committee. The excellent staff at Athabasca University Press, especially Walter Hildebrandt, Ruth Bradley-St-Cyr, Renata Brunner Jass, Erna Dominey, Brenda Hennig and Kathy Killoh, provided expert guidance during the manuscript development stage. Our colleagues and collaborators included in this anthology were generous with both their knowledge and patience. This project was supported by Athabasca University, The University of Calgary, and the Alberta Global Forum.
